Life of the Party!

Steve Angel entertainment believes that ensuring the success of a special event it requires a delicate balance between maintaining the various elements (including: food, music, speakers, decorations, timing, keeping your guests informed, planning, etc.). In selecting the appropriate musical entertainment whether a product-launch, client appreciation party or any other special event, live music can create a positive response from your guests. What you need to do is decide how it will compliment your objectives for the event.

Do you want music to serve as a backdrop, merely for ambience?

Do you want to use it as a “touch point” in a sequence of events?

Do you want music to be a trigger for an upcoming speaker or as an attention-getter?

Do you want the singer to say a few things or make announcements?

(Ex. turn off cell phones, dinner will be served in a few minutes, etc.)

Equipment/Staging

Steve Angel's sound and light system is top of the line, with top end speakers on tripods, and bass resonance speakers at ground level to ensure uniform volume and optimum sound quality. Lighting will also be strategically placed to enhance the stage and dance floor. The stage set up is Steve Angel's pride and joy, and a great amount of time is involved to make it visually appealing - as well as acoustically perfect.

Pricing *always includes* all sound equipment, lighting, and intermission music - with delivery, set-up and tear-down. The equipment set-up will be completed before your guests arrive. A microphone(s) will be supplied for speeches if required at no extra cost. Since the equipment is personally owned, rather than renting as most bands do, enormous care and pride is taken in the sound equipment to keep it in top condition at all times.

Steve Angel will connect with your location well in advance of your event - wedding, ceremony, party, etc..., to take care of all the details so you don't have to worry about a thing. This includes arrangements with regards to the band arrival, set up, staging and electricity. It is important that The Hall/The MC/The Band are all following the same schedule. Steve Angel's attention to detail means you have a lot less to think, and worry, about so you can simply enjoy the moment.
